<b>Staff Consulted:</b>			
<b>Name(s) of Reviewer(s)</b>		<b>Date</b>	

**NOTE:** All questions that address requirements contain the citation for the source of the requirement (statute, regulation, NOFA, or grant agreement). Note, however, that certain questions in this Exhibit reference reviews conducted using Exhibits elsewhere in this Handbook. If a requirement is not met, HUD must make a finding of noncompliance. Where responses to questions for this Exhibit are based on other Exhibit reviews, the conclusions should be noted here, as applicable. Other questions (questions that do not contain the citation for the requirement) do not address requirements, but are included to assist the reviewer in understanding the participant's program more fully and/or to identify issues that, if not properly addressed, could result in deficient performance. Negative conclusions to these questions may result in a "concern" being raised, but not a "**finding**."

**Instructions:** This Exhibit is designed to evaluate the grantee's compliance with other applicable Federal requirements. For certain requirements, a reference is made to other Exhibits or Chapters in this Handbook. If other Exhibits are used to monitor these areas, only the conclusion(s) should be noted here with a cross-reference to the supporting review documentation/Exhibit. If the requirement does not pertain to the SRO grantee, mark "N/A." If the area is not covered during this monitoring, write under the applicable "Describe Basis for Conclusion" box: "Not covered due to \_\_\_\_\_ (*provide reason*)."  
If compliance monitoring for the areas below has been conducted in the past 12 months, under either the ESG or other HUD programs, it is not necessary to review these areas again unless the last risk analysis results or subsequent information raise questions or concerns.
